

**ATTENTION NORTH KINGSTOWN RESIDENTS –**

Rhode Island Board of Elections will be conducting a re-count of all ballots, to include the mail and emergency ballots, concerning all the questions and candidates for North Kingstown. The final count of local question 9 ..FINANCE A COMMUNITY SEPTIC LOAN PROGRAM... was noted by local officials as being inaccurate. When this observation was brought to the attention of the Board of Elections, it was learned a “font” change occurred to the ballot on local question 9 after the machines were formatted. This recount is being done under the direction of the Board of Elections and as part of an administrative request from Board of Elections in order to protect the integrity of the electoral process.
