North Kingstown, RI

## North Kingstown Comprehensive Plan Steering Committee Kick-off Meeting

The Town of North Kingstown is about to embark on a re-write of the comprehensive plan. The town has hired Interface Studios to assist with this re-write. A steering committee has been assembled to provide insight and feedback throughout this process.

At the kickoff meeting, the consultants will introduce the comprehensive plan re-write process, discuss the need for the plan, identify key objectives and finalize the project schedule.
