A. General Information

The Town of North Kingstown, Rhode Island is requesting proposals from qualified public accounting firms or certified public accountants to audit its financial statements for the fiscal year ending June 30, 2015 with the option of an additional 2-year extension to fiscal years ending June 30, 2016 and June 30, 2017. **Any amendments to the contract for additional work will be negotiated in good faith. Provided however in the event that the parties cannot mutually agree on any additional work to be performed and the cost for said work then the town, at its option may, rescind the option period (the additional two years).**

These audits are to be performed in accordance with generally accepted auditing standards as set forth in the Government Accountability Office's (GAO) *Government Auditing Standards*, the provisions of the federal Single Audit Act of 1984 (as amended in 1996) and U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The federal government released new federal audit requirements for state and local governments receiving federal funds. The new audit requirements will become effective for the fiscal 2016 audit. References to OMB Circular A-133 as included herein shall be superseded by those new requirements (OMB Guidance 2 CFR part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards - Subpart F – Audit Requirements) for audit periods after fiscal 2015.

The North Kingstown School Department implemented a new Uniform Chart of Accounts (UCOA). The auditors engaged to perform the annual audit of the Town of North Kingstown shall also be engaged to report on their tests of compliance with the School UCOA requirements in an agreed-upon procedures compliance attestation format.

There is no expressed or implied obligation for the Town of North Kingstown, Rhode Island to reimburse responding firms for any expenses incurred in preparing proposals in response to this request.

Any inquiries concerning the request for proposals should be addressed in writing to Theodore J. Przybyla, Finance Director. To be considered, five (5) copies of a proposal must be received by the Town of North Kingstown's Finance Department at 80 Boston Neck Road by 3:30PM on May 18, 2015. The Town of North Kingstown reserves the right to reject any or all proposals submitted.

During the evaluation process, the Town reserves the right, where it serves the Town's best interest, to request additional information or clarifications from proposers or to allow corrections of errors or omissions. At the discretion of the Town, firms submitting proposals may be requested to make oral presentations as part of the evaluation process.

The Town reserves the right to reject any and all bidders if it deems the bidder does not possess the personnel, experience or other resources to complete the audit in accordance with the audit specifications.

The Town of North Kingstown reserves the right to retain all proposals submitted and to use any ideas in a proposal regardless of whether that proposal is selected. Submission of a proposal indicates acceptance by the firm of the conditions contained in this request for proposals, unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the Town of North Kingstown and the firm selected.

It is anticipated the Town Council will complete the selection of a firm no later than June 1, 2015. Following the notification of the selected firm it is expected a contract will be executed between both parties within 30 days of approval.

B. Terms of Engagement

Any representations made with the submission will be relied upon and if proven to be false will be grounds for termination of the contract, if awarded. This will not limit the Town from seeking any other legal or equitable remedies.

Continuation beyond the initial fiscal year of the three-year contract will be at the discretion of the municipality. The three (3) year contract will be contingent upon the satisfactory negotiation of terms (including a price acceptable to both the Town of North Kingstown and the selected firm).

Following completion of the fiscal year 2015 audit, should the Town find that the firm has failed in any material respect to perform its agreed upon obligations under the agreement, the agreement shall be canceled by the Town as being in the best interest of the Town. In the event of termination of this agreement as a result of a breach by the firm there under, the Town shall not be liable for any fees and may, at its sole option, award an agreement for the same services to another qualified firm with the best proposal, or call for new proposals and award the agreement there under. The firm shall be responsible for direct and consequential damages as a result of its breach, including, but not limited to, extra costs required under the new agreement for similar services.

Audit fee score = (lowest qualified bid/bid for firm being evaluated) X 30 points

Example: Assuming 3 bids received were: (firm A) - \$40,000, (firm B) - \$46,000, (firm C) - \$50,000

Firm A (the lowest bidder)	awarded 30 points	$\$40,000/\$40,000 \times 30 \text{ points} = 30$
Firm B	awarded 26 points	$\$40,000/\$46,000 \times 30 \text{ points} = 26$
Firm C	awarded 24 points	$\$40,000/\$50,000 \times 30 \text{ points} = 24$

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

APPENDIX H

OVERVIEW:

Each municipal school district, regional school district, collaborative, or charter school, which is required to adopt the Uniform Chart of Accounts (UCOA), shall have additional compliance testing procedures designed to assess compliance with UCOA requirements and the entity's effectiveness of internal control over compliance with those requirements. The auditors engaged to perform the annual audit of the entity shall also be engaged to report on their tests of compliance with UCOA requirements in an agreed-upon procedures compliance attestation format.

A minimum sample of transactions shall be selected and tested for compliance with UCOA provisions. Additionally, selected UCOA compliance requirements shall be included within the agreed-upon procedures compliance work program.

The municipal school district, regional school district, collaborative, or charter school shall provide the agreed-upon-procedures report along with the entity's audited financial statements to the Rhode Island Department of Education and the Office of the Auditor General at the conclusion of the annual audit or not later than six months after fiscal year-end. For those school districts, regional school districts, collaboratives, or charter schools which have adopted a fiscal year end other than June 30, the agreed upon procedures report shall be provided by December 31 for the activity related to the year ended on the preceding June 30.

COMPLIANCE TESTING REQUIREMENTS:

Auditors shall follow the guidance included in the AICPA Codification of Statements on Standards for Attestation Engagements – AT Section 601 – Compliance Attestation – paragraphs .01 through .29

- 1. A minimum sample of randomly selected expenditure transactions for the municipal school district, regional school district, collaborative, or charter school shall be tested for compliance with UCOA coding requirements.**

Select a sample of 35, 45, or 60 (see below) transactions from the universe of all expenditures in the final UCOA format upload file for the fiscal year as reported to the Rhode Island Department of Education (RIDE). A detailed transaction level file should be obtained from the entity's accounting system to correspond with the final UCOA upload file provided to RIDE for the preceding fiscal year. RIDE will provide a Validation Totals Report to each school district, collaborative, and charter school to confirm the final upload file information. The sample of transactions to be tested for compliance with UCOA coding shall be selected randomly from the detailed transaction file for the fiscal year.

Sample size shall be determined as follows:

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

- Smaller school districts, regional school districts, collaboratives, or charter schools having aggregate fiscal year expenditures of less than \$5 million shall utilize a minimum sample size of **35** transactions to be tested for UCOA coding compliance.
- School districts, regional school districts, collaborative, or charter schools, having aggregate fiscal year expenditures greater than \$5 million but less than \$50 million, shall utilize a minimum sample size of **45** transactions to be tested for UCOA coding compliance provided there are no significant deficiencies and material weaknesses in internal control over financial reporting related to the accounting and financial reporting practices as reported in the current and prior audit. School districts, regional school districts, collaboratives, or charter schools with expenditures greater than \$5 million which also have significant deficiencies and material weaknesses in internal control over financial reporting related to the accounting and financial reporting practices as reported in the current and prior audit shall utilize a minimum sample size of **60** transactions.
- School districts, regional school districts, collaboratives, or charter schools, having aggregate fiscal year expenditures greater than \$50 million, shall utilize a minimum sample size of **60** transactions to be tested for UCOA coding compliance.

Examine supporting vendor invoices, journal entries, and other supporting documentation to determine if the expenditure has been appropriately classified based upon UCOA classification requirements included in the Uniform Chart of Accounts guidance for the fiscal year. The segments of the account number to be tested for compliance shall include the following:

- Fund/Subfund
- Location
- Function
- Program
- Subject
- Object
- Job classification (for applicable personnel costs)

For personnel costs selected for testing, Location (school/department) and Job Classification shall be tested by tracing the employee to the entity's assignment roster for the applicable school year.

All noncompliance found in the sample of expenditure transactions tested for compliance with UCOA classification requirements shall be reported. Each instance of noncompliance shall describe the transaction and the specific noncompliance observed.

2. **Total activity (revenue and expenditures) of the entity for the fiscal year as reported (uploaded) to the UCOA database as of the final upload date shall be reconciled to the total activity within each Fund/Subfund of the municipal school district, regional school district, collaborative, or charter school as reported in the final audited financial statements.**

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

Any variance in revenue or expenditures between the total amounts reported (uploaded) to the UCOA database and audited amounts reported within the Fund/Subfund of the municipal school district, regional school district, collaborative, or charter school shall be reported. For UCOA reporting purposes, transfers between funds on a GAAP basis (e.g., transfer of appropriations from the municipality's general fund to the unrestricted school fund) are treated as revenues in the unrestricted school fund.

Note: When variances are reported between the UCOA upload file and the audited financial statements, the entity may be required to amend its UCOA upload file to include final amounts which reflect audit adjustments.

3. Costs for debt service and lease and rental of buildings must be recorded consistent with specific UCOA requirements. Amounts charged to Function 421 should be reconciled to the sum of expenditures considered debt service for financial reporting purposes and annual or longer term leases for rental of the main school facility (*or facilities if the school has more than one location*). Short-term leases should not be included in Function 421.

UCOA Rules to be Tested:

- ❖ *Debt Service related to buildings or building and land leases is included in Function 421 (Debt Service); these are **not** charged to Function 321 (Building Upkeep, Utilities, and Maintenance).*
- ❖ *Expenditures for rental of the main facility (or facilities if the school has more than one location) must be charged to Function 421 (Debt Service). This provides a level of comparability between those that rent facilities and those that own them.*
- ❖ *Annual or Longer term Leases must be charged to Function 421 (Debt Service). Short-term leases and rentals should be charged to Function 321 (Building Upkeep, Utilities and Maintenance).*
- ❖ *Short-term or revolving credit debt is included in Function 332 (Business Operations); these are **not** charged to Function 421 (Debt Service).*

4. Payroll costs are subject to various UCOA coding requirements. Determine if the entity's procedures for payroll related costs support the following UCOA requirements:
 - Benefit costs are charged in the same manner as direct wages – e.g., to the same Fund/Subfund, Location, Function, Program, Subject, and Job Classification and in the same proportion when allocated to more than one Fund/Subfund. Healthcare benefit costs are allocated consistent with the employees wages based on actual insurance premiums or, in the case of employers who are self insured, based on working rates.
 - The entity has made a determination as to whether any employee meets the conditions that would require allocation of salary and benefits to more than one Fund/Subfund, Location, Function, Program or Subject and has supporting documentation for that determination, (e.g., department heads, nurses who also teach, etc.)

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

- Wages for Short-term substitute teachers are charged to Subject 0000. Wages for short-term substitute teacher support personnel and long-term substitute teachers should follow the Location, Program, and Subject accounts as used with the employees whom they are replacing.

Determine whether the entity's payroll system directly interfaces with the entity's general ledger accounting system and whether it is designed to post directly to the appropriate UCOA account or if there are a significant amount of manual adjustments and journal entries to allocate payroll related cost to the appropriate UCOA account. Determine if the entity has reasonable and sufficient procedures in place to meet the payroll and related benefit requirements of the UCOA.

Review one payroll period posting to assess compliance with UCOA payroll allocation requirements (this may be satisfied through payroll transactions tested in the sample of transactions tested for compliance in compliance testing requirement No. 1).

If the entity is using the intra-fund UCOA allocation tool, allocations are performed within the UCOA database and therefore testing is not required for benefit allocations made within that Fund/Subfund.

UCOA Rules to be Tested:

- ❖ *In all cases, compensation costs and related benefit costs for each employee must be accounted for in the same Fund/Subfund – they may not cross Funds. Districts may NOT account for the compensation in one Fund/Subfund and the benefits in another. For example, if 50% of an individual's salary is charged to the General Fund and 50% to a Special Revenue Fund, then the allocations of Benefits MUST follow the exact same percentages. When related to a particular grant, if the grant is insufficient to cover all the costs, the same prorated amount for each category (compensation and benefits) shall be used up to the limit of the grant.*
- ❖ *Allocation to the Function segment for Salary and Benefits for employees that perform multiple functions are to be recorded using the following guidelines. If an employee has a "Hands-On" relationship to the multiple activities being performed and performance of those duties requires a minimum of 20% of their time, those costs must be charged to the appropriate Function accounts accordingly. If however, the role is more of an oversight role of supervising or managing others who perform the "Hands-On" work, then no charges must be made for these activities, even if the amount of time expended exceeds 20% of the employee's time.*
- ❖ *For Department Heads, House Leaders, and System-wide Supervisors, that portion of regular salary for teaching periods is charged to object 51110 (Regular Salaries); for non-teaching periods, that prorated portion is charged to Object 51132 (Department Heads, House Leaders, and System-wide Supervisors). Stipends for these positions are to be charged to Object 51401 (Stipend – Other).*
- ❖ *For Nurse Teachers, even if face-to-face teaching occurs, charge to Function 216 (Student Health Services – Medical), not Function 111 (Instructional Teachers).*
- ❖ *Nurses and other non-standard instructors included in Function 216 (Student Health Services – Medical) who teach classes representing **less than 10%** of their time must code instruction time to*

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

*Subject 2500 (Non-Instruction) unless the application of the rule would violate a rule or rules of a higher authority – refer to the Account Level Use Rules and Requirements for the precedence order of UCOA Rules. Those that teach **more** than 10% of their time must record instruction time to Subject 0000 (General Education).*

- ❖ *Wages for Short-term substitute teachers (Job Classifications 1295-1299) in Object 51115 (Salaries – Substitutes) when used with Function 112 (Substitute Teachers) is charged to Subject 0000. With Functions 221 and 222, use the appropriate Subject that is assigned to the Teacher for which the Substitute has been engaged to replace. Wages for Long-term substitute teachers (Job Classification 1294) should follow the Location, Program, and Subject accounts as used with the teacher whom they are replacing.*

5. Professional Development costs are subject to various UCOA coding requirements. Determine if the entity has complied with the UCOA requirements for reporting Professional Development costs for three of the five Object accounts:
- Object 51113 represents the portion of a teacher’s regular salary, as specified in a contract or agreement, for professional days.
 - Object 51302 represents additional payments made to a teacher for after-hours school-based professional development.
 - Object 53301 represents third-party vendor costs (on-site or off-site) for providing professional development. For instruction-related personnel, the professional development costs should be posted to Function 222. For all other personnel, the professional development costs should be posted to the same Function account as the base wages.

A review of union contracts and the adopted budget will provide information related to professional development to be offered to teachers.

Review payroll records to verify compliance with UCOA rules for Objects 51113 and 51302. (This may be satisfied by testing one payroll record which includes postings to both Object accounts and which may have been selected in compliance testing requirement 1 or 4).

Select a sample size of 5 transactions posted to Object 53301 (If less than 5 total transactions, sample all transactions). Examine the supporting vendor invoice to identify the specific employee(s) receiving professional development services and trace the employee name to the payroll record to determine the Function account to which base wages (Object 51113) were charged. Verify the professional development costs were posted to the proper Function account based on the UCOA rules for the Function series. (Expenditures selected in Compliance Testing Requirement No. 1 may be also used to satisfy this compliance testing requirement.)

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

EXHIBIT 1

REQUIREMENT 1:

A minimum sample of randomly selected expenditure transactions for the municipal school district, regional school district, collaborative, or charter school shall be tested for compliance with UCOA coding requirements.

PROCEDURES:

Obtain a copy the school entity’s signed acknowledgment of the UCOA File Validation Totals Report received from the RI Department of Education (RIDE). Obtain a detailed transaction level file from the school entity’s accounting system which corresponds with the final UCOA upload file provided to RIDE.

Describe procedures for selecting the sample, the sample size selected, and the tests performed. Please note - If an interim file is used for selecting the sample, reconcile changes from the interim file to the final upload and determine the significance of any changes and whether additional testing is warranted.

RESULTS:

For each instance of noncompliance, enter the transaction detail in the table below. Highlight the account number segment that is not in compliance, as shown in the example below. Describe the purpose of each transaction, the error(s), and correction(s) immediately following the table. Rows may be added or deleted from the table, as necessary.

Item	Fund/ Subfund	Location	Function	Program	Subject	Object	Job Class (personnel costs only)	Date	Payee	Amount	Corrected per final UCOA file

REQUIREMENT 2:

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

Total activity (revenue and expenditures) of the entity for the fiscal year as reported (uploaded) to the UCOA database as of the final upload date shall be reconciled to the total activity within each Fund/Subfund of the municipal school district, regional school district, collaborative, or charter school as reported in the final audited financial statements.

PROCEDURES:

Subtotal the final UCOA upload file by revenues and expenditures under each Fund/Subfund and reconcile to the audited financial statements (GAAP-basis). Please note - reconciliations are not required for Trust Funds and Agency Funds.

RESULTS:

Identify each variance between the UCOA upload file and audited financial statements in the table below. Each variance should be listed separately for total revenues and total expenditures under each UCOA Fund/Subfund. Include variances which are proper reconciling items. Provide a description of each variance. When there are multiple causes for a variance, identify the specific dollar amount that corresponds to each cause. The description of the variance may be included within the table, but if more space is required, the description may be provided immediately following the table. Rows may be added or deleted from the table, as necessary.

UCOA Fund/Subfund Number	Name of Fund/Subfund	Amount Per UCOA Upload	Amount Per Audited Financial Statements	Variance Amount		Description of Variance
				Proper Reconciling Items	Errors & Unexplained Variance	
Revenue variances:						
XXXXXXX X	XXXXXXX XXX	\$XX,XXX,XXX. XX	\$XX,XXX,XXX. XX	\$XX,XXX,XXX. XX	\$XX,XXX,XXX. .XX	XXXXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXXXX

REQUIREMENT 3:

Costs for debt service and lease and rental of buildings must be recorded consistent with specific UCOA requirements. Amounts charged to Function 421 should be reconciled to the sum of expenditures considered debt service for financial reporting purposes and annual or longer-term leases for rental of the main school facility (or

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

facilities if the school has more than one location). Short-term leases should not be included in Function 421.

PROCEDURES:

Subtotal expenditures posted to Function 421 (Debt Service) in the final UCOA upload file and compare to the amounts reported in the audited financial statements for debt service payments and rental payments under long-term lease agreements for main school facilities. Determine the reasons for any variances.

RESULTS:

Describe results.

SCHOOL RESPONSE: (if applicable)

REQUIREMENT 4:

Payroll costs are subject to various UCOA coding requirements. Determine if the entity's procedures for payroll related costs support the following UCOA requirements:

- a. Benefit costs are charged in the same manner as direct wages – e.g., to the same Fund/Subfund, Location, Function, Program, Subject and Job Classification and in the same proportion when allocated to more than one Fund/Subfund. Healthcare benefit costs are allocated consistent with the employees wages based on actual insurance premiums or, in the case of employers who are self-insured, based on working rates.
- b. The entity has made a determination as to whether any employee meets the conditions that would require allocation of salary and benefits to more than one Fund/Subfund, Location, Function, Program, or Subject and has supporting documentation for that determination, (e.g., department heads, nurses who also teach, etc.)
- c. Wages for Short-term substitute teachers are charged to Subject 0000. Wages for short-term teacher support personnel and long-term substitute teachers should follow the Location, Program, and Subject as used with the employees whom they are replacing.

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

PROCEDURES:

Determine whether the entity's payroll system directly interfaces with the entity's general ledger accounting system and whether it is designed to post directly to the appropriate UCOA account or if there are a significant amount of manual adjustments and journal entries to allocate payroll related cost to the appropriate UCOA account. Determine if the entity has reasonable and sufficient procedures in place to meet the payroll and related benefit requirements of the UCOA.

Review one payroll period posting to assess compliance with UCOA payroll allocation requirements (this may be satisfied through payroll transactions tested in the sample of transactions tested for compliance in compliance testing requirement No. 1). Describe sample selection process. (Please note - If the entity is using the intra-fund UCOA allocation tool, allocations are performed within the UCOA database and therefore testing is not required for benefit allocations made within that Fund/Subfund.)

RESULTS:

Describe payroll system and whether the system interfaces directly with the general ledger system and whether it is designed to post directly to the proper UCOA code or if there are a significant amount of manual adjustments and journal entries to allocate payroll costs. Conclude if the entity's procedures are reasonable and sufficient to meet the payroll and related benefit requirements of UCOA.

Describe results of compliance tests performed. Each instance of noncompliance shall describe the transaction detail (including dollar amount) and the specific noncompliance observed. Also, please note whether the error was corrected in the final upload file.

SCHOOL RESPONSE: (if applicable)

REQUIREMENT 5:

Professional Development costs are subject to various UCOA coding requirements. Determine if the entity has complied with the UCOA requirements for reporting Professional Development costs for three of the five Object accounts:

- a. Object 51113 represents the portion of a teacher's regular salary, as specified in a contract or agreement, for professional days.
- b. Object 51302 represents additional payments made to a teacher for after-hours school-based professional development.
- c. Object 53301 represents third-party vendor costs (on-site or off-site) for providing professional development. For instruction-related personnel, the professional development costs should be posted to Function 222. For all other personnel, the professional development costs should be posted to the same Function account as the base wages.

PROCEDURES:

Uniform Chart of Accounts (UCOA) – Annual Compliance Testing Requirements

Review union contracts and adopted budget to identify professional development offered to teachers.

Review payroll records to verify compliance with UCOA rules for Objects 51113 and 51302. (This may be satisfied by testing one payroll record which includes postings to both Object accounts and which may have been selected in compliance testing requirement 1 or 4).

Describe procedures for selecting a sample of transactions posted to Object 53301 (Expenditures selected in Compliance Testing Requirement No. 1 may be also used to satisfy this compliance testing requirement). Examine the supporting vendor invoice to identify the specific employee(s) receiving professional development services and trace the employee name to the payroll record to determine the Function account to which base wages (Object 51113) were charged. Verify the professional development costs were posted to the proper Function account based on the UCOA rules for the Function series.

Describe any additional procedures performed.

RESULTS:

Describe results of compliance tests performed. Each instance of noncompliance shall describe the transaction detail (including dollar amount) and the specific noncompliance observed. Also, please note whether the error was corrected in the final upload file.
